This is Emmanuel Missionary College of 1958 with its campus, administration, faculty, and students.

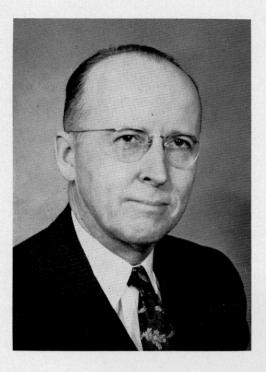

As you turn the pages of this yearbook, remember the many excellent moments you spent in study, work, devotions, and play on the campus of Emmanuel Missionary College.

We present the memories in the form of driftwood, symbolizing the happenings of life and the happiness in the college year.

Here it is — your CARDINAL, presented to you by —YOUR STAFF

- The yearbook of 1958 we dedicate to a man and woman who are loyal to the cause of God, strong in their desire to increase the welfare of those who rely upon them.
- Our dedication is to two outstanding teachers, one who is fully acquainted with nature in many forms—birds, insects, and, of course, man. He has about him neither the glories nor the follies of a genius; but he possesses sterling characteristics and rare harmony of philosophies.
- The woman is one who has placed her ability on a high plane, who has high standards, who commands respect, who is a sincere friend to all, who is the wife of the man.
- Together, they have left on the hearts of the students they have taught the love of God for man. This man and woman are . . .

# Clara Mae Miller-Striplin

#### In Memoriam

A firm and undaunted belief that "nothing is of greater importance than the education of our children" made the life of Clara Mae Miller-Striplin an inspiration to children, teachers, and parents. Hers was a consuming desire to spiritually improve the lives of the children in the Cradle Roll, the Kindergarten, and the Primary Divisions of the Sabbath School.

Mrs. Striplin was born November 29, 1896, in Clackamas, Oregon, and was reared in the communities of Gladstone, Oregon City, and Portland. At the age of eleven she was baptized and joined the Seventh-day Adventist Church. After four successful years of teaching in her home town church school, she attended Walla Walla College and completed the Normal Training Course.

On August 21, 1919, she was married to Claude Striplin and together they strengthened the work of education at the Gem State Academy in Caldwell, Idaho.

The year 1921 found the Striplins in the South American Division where they located at the Lima Training School for Spanish workers. It was here and in the Argentine that Mrs. Striplin began the work that became the consuming fire of her life. She promoted teacher training in the conference churches, labored untiringly to improve the work of the children's divisions, and began the writing of children's books.

Among the books that she authored are: "Canciones Infantiles"; "Those Tiny Tots"; co-authorship in "Skunklets," and a primary reading course book of 1956, "Mother Robin."

Following the Striplins' return to the United States, Mrs. Striplin began her work in the Sabbath School Department of the home land. She labored unceasingly at Glendale, La Sierra, Phoenix, Laurelwood, and at Emmanuel Missionary College, where she and her husband joined the staff in 1949.

When she was stricken with illness last summer she presented two requests of the elders in their prayer for her healing. The first was that she might teach the women of Michigan at the campmeeting session how to enrich the lives of their children in the Sabbath School departments. The second was that she might return to her children in the classroom at the Elementary School.

Although anxious to continue her many duties in life, she willingly answered the call of the Master Pilot, July 24, 1957. Funeral services were conducted by Elders Tucker, Axelson, and Plue in the College Chapel at Emmanuel Missionary College on Friday, July 26. She has been laid to rest in Mountain View Cemetery, Oregon City, Oregon. There in the near future she will again answer the call of her Master and will continue her life's work spent for others.

Kappa Phi Gamma Reception

At the stroke of six, Sunday night, March 2, formerly blue-jean-clad girls became Cinderellas emerging from shining, clean rooms to greet their guests for the Kappa Phi Gamma open house.

An old-fashioned bedroom, living room, and kitchen, furnished with antiques gathered from all over southern Michigan, were displayed in the second floor lobby in Lamson Hall. In the Physical Education building, Kappa Phi Gamma members and their escorts strolled through the garden, window shopped for the "latest fall fashions" and paused to "drive" the 1910 Willys Overland before entering the "Main Street Cafe."

Aim and Motto:

Colors:

Flower:

Growth Through Service Turquoise and Silver Happiness Rose My days in school are over, God, And now I go my way, To make my future in the world According to my clay. I have acquired knowledge from The books that I have read, And from my many teachers and The wisdom they have said.

But I am fully conscious, God, That this is just the start,
And that is why I fold my hands And say this prayer to you.
To help me solve my problems and To see my struggle through,
I need your strength and guidance And your everlasting grace,
To meet the many troubles and The trials I must face.

## What is a "Sense of Missions"?

Willingness to give? A desire to serve? The urge to share all that is best with others? All this and more, for "There is nothing save The selfish heart of man that lives unto itself. No bird that cleaves the air,

No animal that moves upon the ground,

But ministers to some other life.

There is no leaf of the forest, or lowly blade of grass But has its ministry.

Every tree and shrub pours forth that element of life Without which neither man nor animal could live; And man and animal in turn

Minister to the life of tree and shrub and leaf."

To this circuit of beneficence The College of Medical Evangelists is devoted, For there is no higher calling Than to pattern your life and work After Him who ministered to body and spirit, Of whom it is written, "He went about doing good."

"Our life-work here is a preparation for the life eternal. The education begun here will not be completed in this life; it will be going forward through all eternity,—ever progressing, never completed.... Day by day the wonderful works of God, the evidences of His power in creating and sustaining the universe, will open before the mind in new beauty.... Now we see through a glass, darkly; but then face to face; now we know in part; but then we shall know even as also we are known."

-Ministry of Healing, p. 466.

### CAPTAINS of INDUSTRY!

In every group of graduates there are some who, because of scholastic achievement, special abilities and skills or personal dynamics, stand out from all others. These are the men and women industry is looking for. They are the captains of tomorrow!

As the leader in the drill bushing industry, ACE, too, is looking for above average personnel to fill positions of responsibility.

If you have business or engineering training and wish to affiliate with a Christian organization having international ramifications why not think seriously about joining ACE? A letter to the Personnel Director will bring full information.

#### CLASS OF '58

Someone has said that "the safety of the nation is in the education of her youth." How much more true that is when we change one word: The safety of the denomination is in the education of her youth. You have now completed your College course. You are commencing a new life; challenging opportunities lie before you. But along with those opportunities come great responsibilities. There cannot be one without the other. Therefore, as you leave these portals of learning, you may know that our faith in you is strong. Attempt great things for God and expect great accomplishments from Him. May God bless each one of you.

MANY THANKS . . .

to those individuals who have so faithfully helped with the 1958 CARDINAL.

Through driftwood and sand, through grouchy editorial demands, through midnight oil and deadlines, they have worked and worked and worked.

My deepest appreciation goes to all who have, in any way, helped put this 1958 CARDINAL into the hands of the Student Association members. All that the book is may be credited to their work.

—Your Editor, Virginia Davis
