

It's over now and gone  $\dots$  but memories always have an innate way of lingering on and on  $\dots$ 

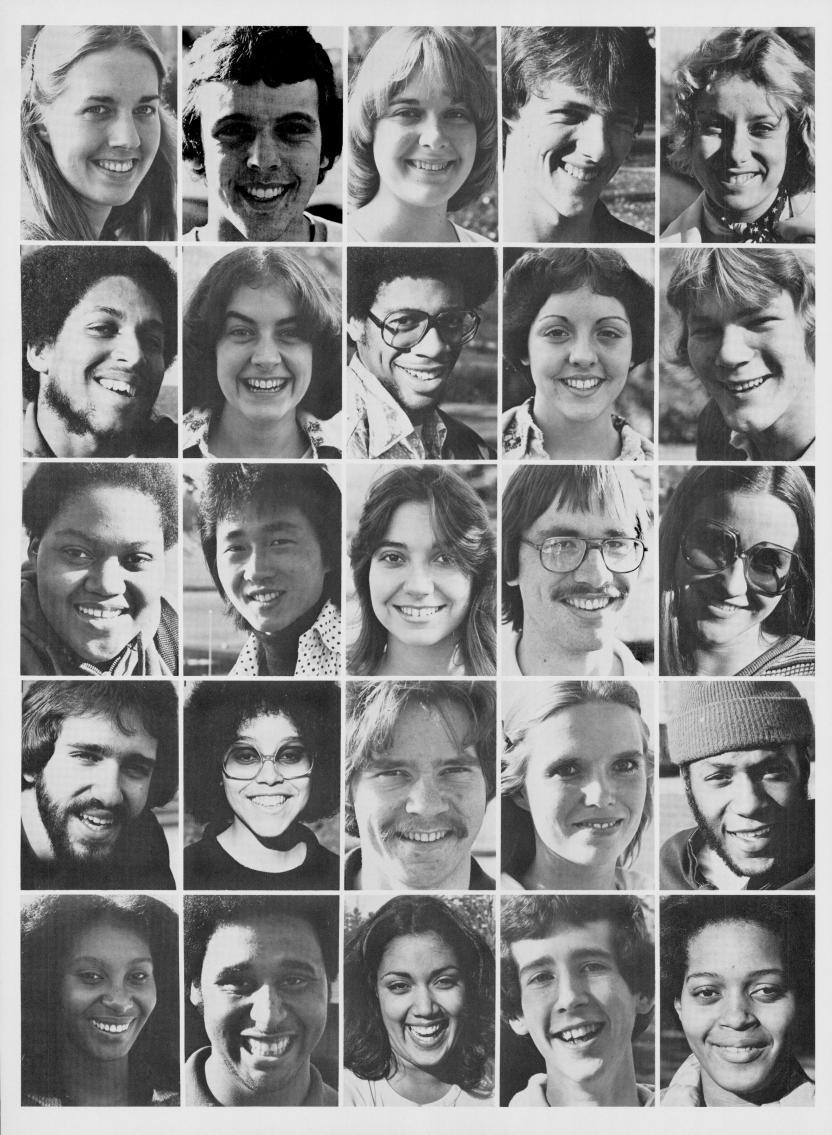

... the jokes, late-night cramming, slippery sidewalks, warm prayer bands, fall colors ...

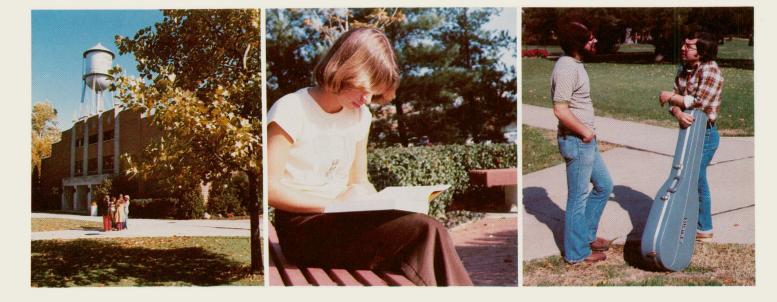

We haven't shown them all. But then how do you show a lonely day? Or Friday night's serenity?

## Arriving, Moving In, Registering, 60% Deduction

Can you still remember how you felt when you left home? and when you finally arrived at Andrews? Can you recall, too, those ten or more trips carrying in the room's furnishings, and then trying to fit them all into a room the size of the one at home, but without a roommate? It happens every year, and somehow by the end of the year the troublesome part seems to fade away and it becomes just another aspect of the happy side of learning.

#### ART STUDENTS DISPLAY WORK

Using acrylics, Donald Ingersoll and Byron Grismore came up with some interesting works that were displayed in the Campus Center and Burman Hall. In the lobby scene (by Grismore) can you identify the famous people in history with whom the AU art department teachers are rubbing shoulders?

## Frisbees & Ballooned T-shirts

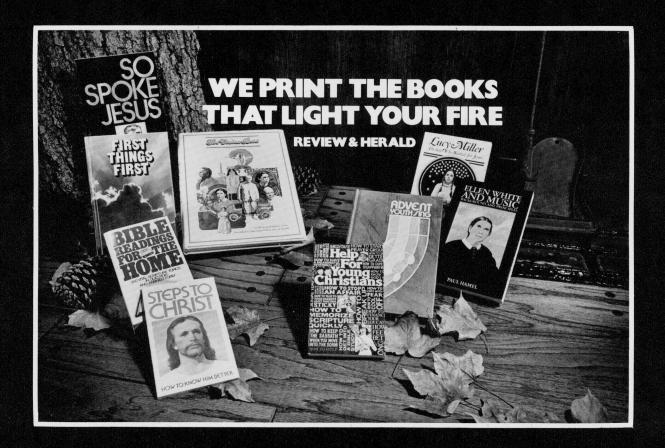

"The Air Aces Three" highlighted the first Saturday night of the year with professional frisbee stunts. Their performance followed attempts by students to win silver dollars by throwing footballs through old tires, basketballs through the hoop, and stuffing balloons — 108 for the winner — into the largest T-shirt they could find and wear.

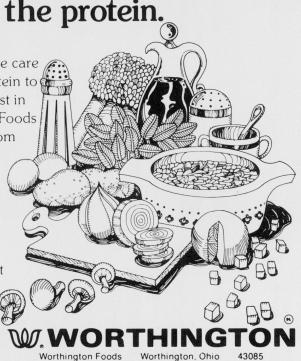

When you drop the meat from your diet, we make sure you don't drop the protein.

A vegetarian diet can be a very healthful diet. But you must take care to provide yourself enough protein to adequately replace what was lost in eliminating meat. Worthington Foods makes tasty, meatless dishes from nutrition-rich soy and wheat protein. And in a variety that makes your vegetarian diet not just healthful, but interesting.

Whatever your reasons for choosing a vegetarian diet, Worthington will help to make it healthful.

Worthington products are available in your local health food or specialty food store.

## What Next?

Graduation day has signaled the end of a long educational road. The hurdles have been cleared and that diploma is yours.

But when commencement is over and job hunting begins, you may find that rapid changes in our modern lifestyle have outpaced skills developed during those wonderful academy years.

As you consider further education, Andrews University has several options worth looking into. For instance, it only takes one school year to earn a certificate in one of 26 areas of basic job skills in the Center for Occupational Education. Or two years for an associate degree in fields such as accounting, agricultural technology, aviation, construction, graphic arts, or secretarial science, to name a few.

A wide range of bachelor's and master's degrees are also available, as well as doctoral degrees in several educational specialties.

One of the newest programs being offered is one enabling students to pursue either a two-year or four-year course in architecture. A fifth year may then be taken at the Lawrence Institute of Technology in Southfield, Michigan, leading to the B Arch degree.

Whatever your interest, now is the time to make sure that education is an important part of what's next for you.

We'll be glad to answer your questions if you contact the Director of Admissions at Andrews University, Berrien Springs, Michigan 49104. Phone (616) 471-7771.

## The Prairie State that's more than a Prairie

Rushing canyon waterfalls. A bustling city with harbored yachts moored on an inland sea. Sleepy villages.

Thundering symphonies. Country fiddlers. Haute cuisine. Frontier festivals.

Millions of people riding the train to work. Others riding tractors or even horses unaware and unprepared for Christ's second coming.

Seventh-day Adventists in only 47 of the 102 counties.

Plenty of work opportunities. The home of Hinsdale Sanitarium and Hospital, Broadview Academy, Little Grassy Lake S.D.A. Camp, The New Earth Vegetarian Restaurant, 25 church schools, 75 churches...

# The Cast ... Delivered In Record Time

Only two weeks after registration, the CAST staff and the University Printers delivered the 1977-78 CAST. Amid the ringing of dorm fire alarms and a fire truck's siren, Editor Myron Widmer announced the CAST's arrival. Student's found the telephone index reinstated, birthdays added, graduate's graduation dates listed, and a new section called, "Making an Escape."

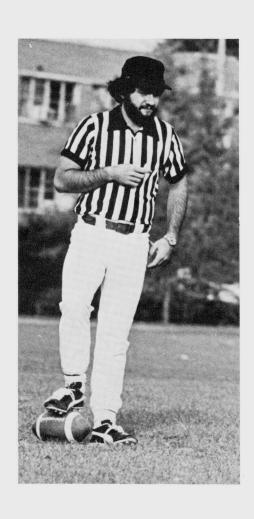

#### Football

Regular flag football was still played this year, though its future on this campus looks dim with the debut of fleetball and an era of possibly less physical contact.

## AAHPER Physical Fitness Test

When the 10 a.m. starting time came, so did the rain, so the P.E. Department's twice-yearly physical fitness testing moved inside. P.E. majors, minors, and Seminary students (in the Ministry of Healing class) groaned and moaned as their muscles were strained to their limit. P.E. majors must pass the test three times with a 85% average before they are allowed to graduate. Take a look at the test requirements in the middle of these pages. Is it easy?

The only event held outside on the track was the 12-minute run, where you see how far you can run in 12 minutes. For girls, the 85% percentile is 11/2 miles.

#### Sadie Hawkins Halloween Party

The pictures pretty well tell the story of the SA sponsored party. Bill Mulske, right, by a handclapping decision, won the night's best costume award.

A pumpkin carving contest, musical chairs, bobbing for apples, and a three-legged race highlighted the evening's entertainment.

October 18-19

# Bloodmobile & Soccer

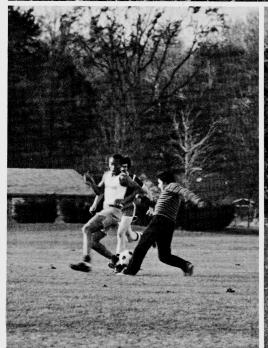

Nearly 200 pints of blood were donated during the two days the Red Cross was set up in Lamson Hall's gym. The Red Cross officials were hoping for more, but didn't get it.

Every Friday afternoon soccer enthusiasts gathered to play a few games. Games continued throughout October and into November until the snow came.

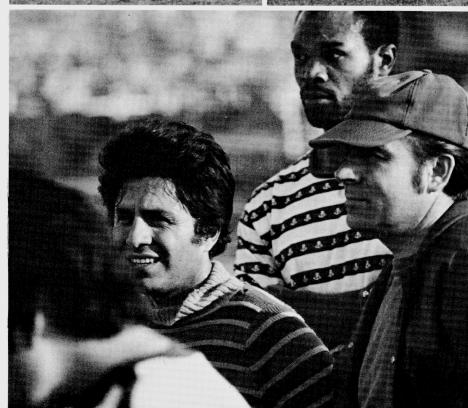

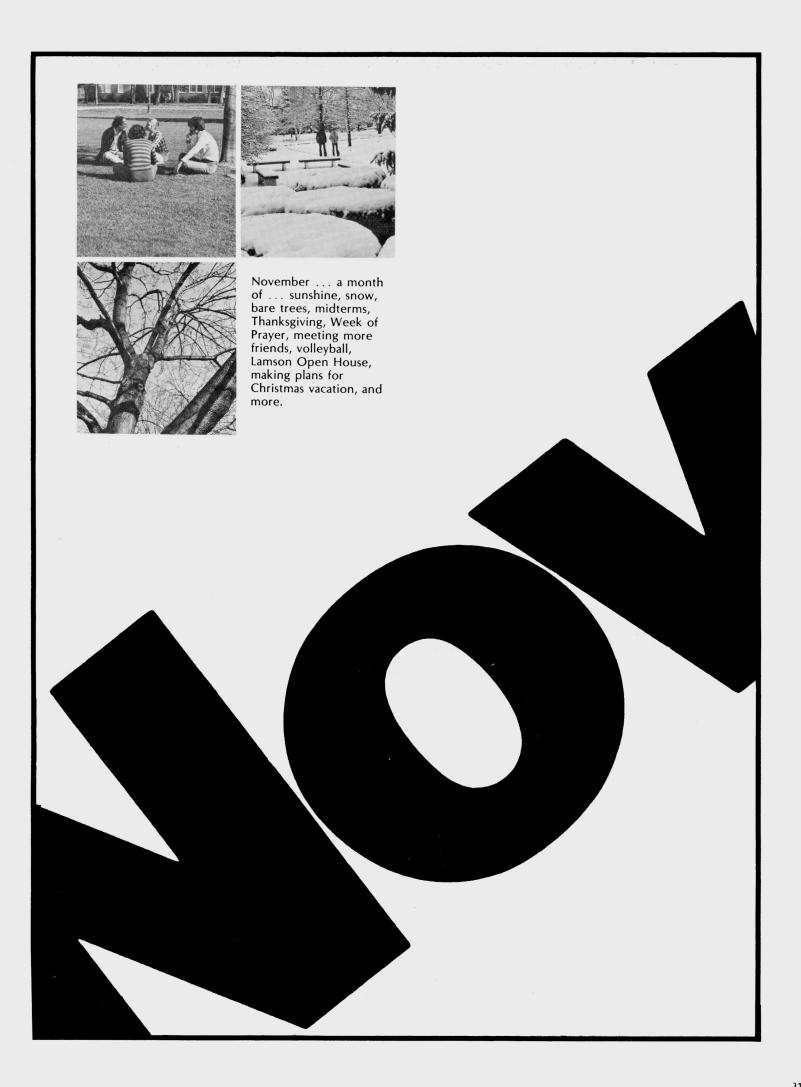

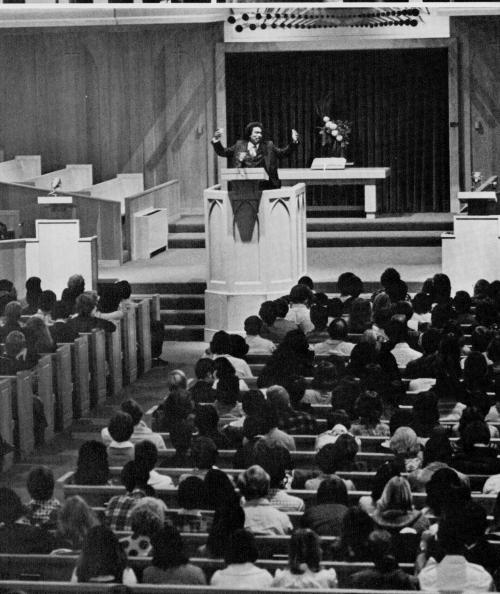

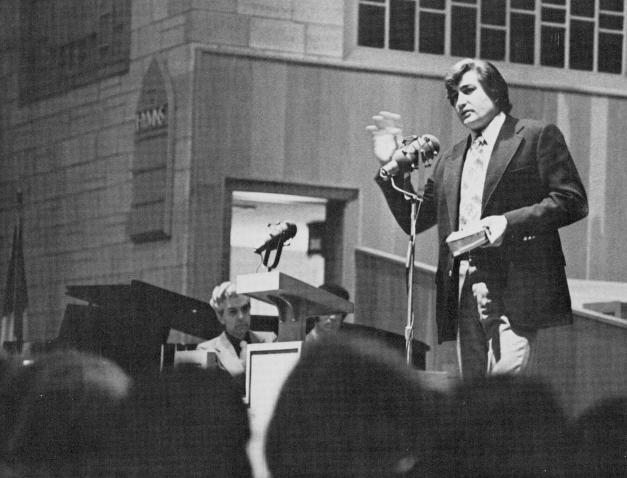

November 6-12

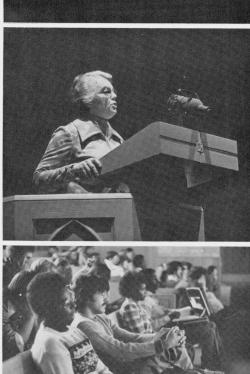

## Week Of Spiritual Emphasis & Candlelight Fellowship Supper

During the first week of prayer to be given by a group of faculty members here at Andrews, speakers pointed students to the "Compleat Christian."

Just preceding the Friday evening program, ACYA provided a Candlelight Fellowship supper in the Cafeteria. Called "Take Time," the program included musical selections and meditations by students and faculty.

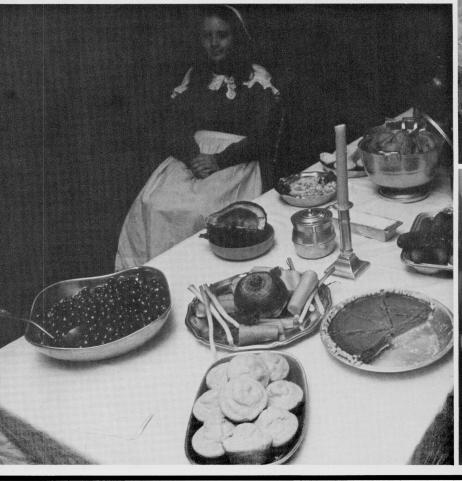

November 13

## Lamson Hall's Informal Open House

In a spirit of Thanksgiving, Lamson Hall opened its doors to approximately 1,500 campus and community friends. Lobbies were converted into scenes portraying an old country church, an old-

fashioned kitchen, an Indian community, a pumpkin patch, a country store and even the Mayflower.

Worship services, food baskets for underprivileged community members, and homemade refreshments made the annual Kappa Phi Gamma Open House an event of giving, praising, and socializing.

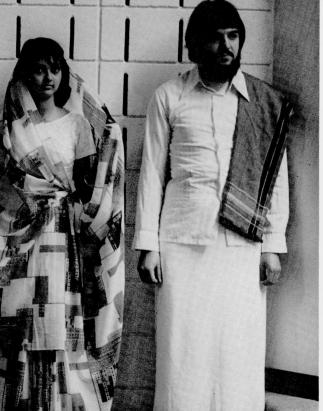

November 19

#### **Faculty Home Parties**

"Yeah, we really had a good time. There must have been 25 of us and, believe it or not, there was more than enough food to go around. We played some games ... laughed alot ... met

some students we hadn't seen on campus before ... and even gathered around the piano and sang some old-time favorites. Who said faculty members aren't fun-loving people?"

# Indian Fashion Show & Ice Cream Social

An Indian fashion show, sponsored by the International Relations Club, is representative of the many campus club activities.

It was like an old-fashioned ice cream party down at the corner candy store ... including 15¢ hot fudge sundaes.

Snow ... Snow ...!

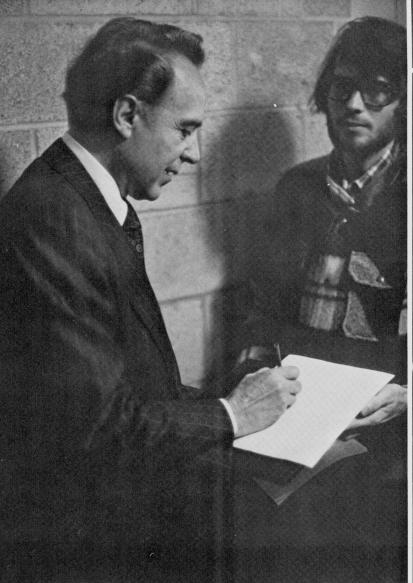

November 10 marked the date when Old Man Winter decided to make his presence obvious by covering the campus with a blanket of new snow.

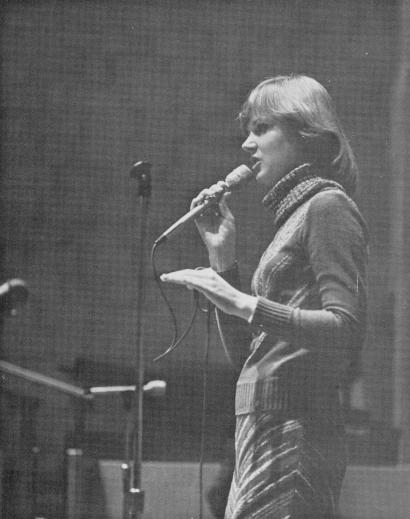

... if only the Old Man would have known when to quit!

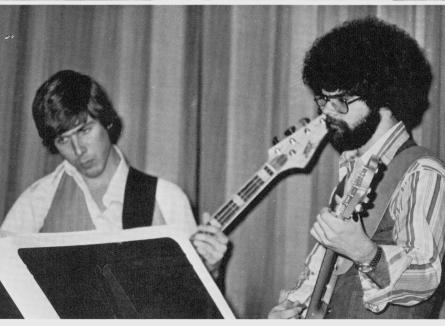

#### GEORGE AND CONNIE VANDEMAN

George Vandeman, director and speaker for the "It Is Written" television program, didn't really surprise anyone when he chose Matthew 4:4 as his key text for the November 18 ACYA Friday evening vespers. "It is written, man shall not live by bread alone ...." Elder Vandeman spoke on the important role that words play in

communicating the message of salvation through Jesus Christ.

Elder Vandeman's daughter, Connie, a La Sierra Campus senior, teamed up with Martin Butler, AU religious communication student, to present the evening's musical meditation.

### **CANDLELIGHT SUPPERS**

ACYA and the Food Service hosted separate candlelight suppers just prior to the Thanksgiving break.

#### **VOLLEYBALL**

A team of men and women physical education majors, playing in the ordinarily all male volleyball league, finished the season with the best overall win-loss record.

#### AU BAND & THANKSGIVING VACATION PARTY

Under the direction of Pat Silver, the Andrews University concert band performed on campus for the first time after returning from their spring European tour.

For those students and families who remained in the area during the Thanksgiving break, the AUSA community services committee sponsored a party.

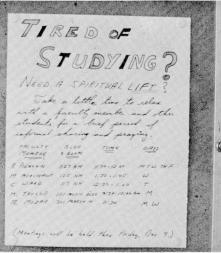

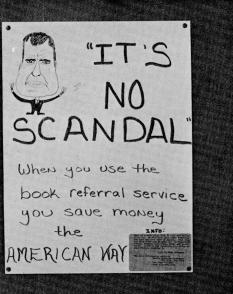

December ... A month of Christmas trees ... ice-skating ... caroling ... snow (of course) ... pre-registration ... Christmas music programs ... gifts ... finals ... going home ...

## Skating At The Icebox

The Canadian Club was the first group on campus to take advantage of the new AUSA policy providing for joint-funding of social events.

Christmas Music & Caroling

#### BSCF FRIDAY-NIGHT TALK SHOW; 6 SING AND SHARE.

Following Friday evening vespers, a variety of programs were usually held. Representative were the programs in Meier Hall Gold Room and the Campus Center.

### The Spreading Of Christmas Joy

Thursday, December 8, students assembled to participate in the music department's hail to the Yuletide season. That evening, at the AUSA Christmas party, Santa made his traditionally welcome appearance. Refreshments "as good as grandma's" were a finishing touch to an enjoyable day.

#### The Hawaiians & Festival Of Lights

On December 10, Mark and Diane Yasuhara, the well-known Hawaiian gospel duo, returned to our campus. On the same day, Academy music groups presented their annual "Festival of Lights" concert.

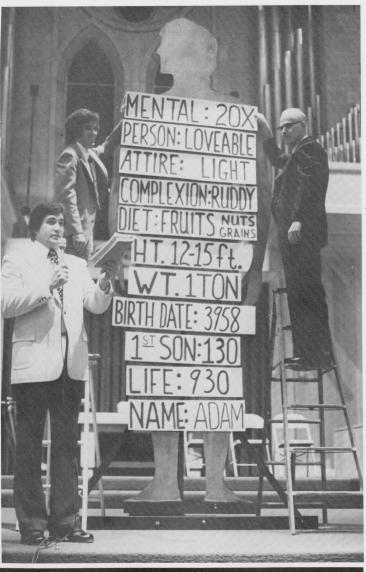

## Health Emphasis Week & AU Board Meets

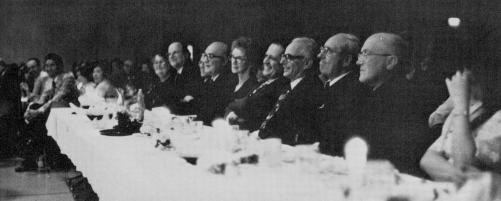

"Adam" was on hand during Health Emphasis Week to assist Carl Coffman, Bob Kalua, and Dan Klein in demonstrating how man has degenerated from God's original creation. Presentations were made to show how we can live in order to be restored to God's plan.

In the midst of blizzard conditions, AU's Board met to discuss items such as Dr. Smoot's plan for University expansion. As a result, a new men's dormitory will soon be under construction. The annual faculty-board banquet provided a chance for those in attendence to enjoy an evening of fellowship, food, and entertainment.

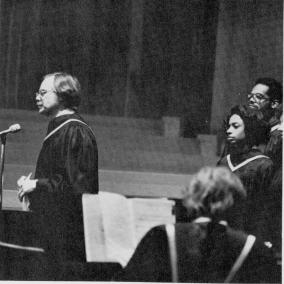

# University Singers & College Bowl

The University Singers, directed by Dr. Franklin Lusk, presented the Chapel service on January 17. In addition to the musical selections, the group shared experiences from their Christmas vacation tour among the Caribbean Islands.

On Thursday, of the same week, a team of students challenged the faculty squad in an assembly meeting. College Bowl game. The professors outpointed their opponents by a margin of approximately two to one.

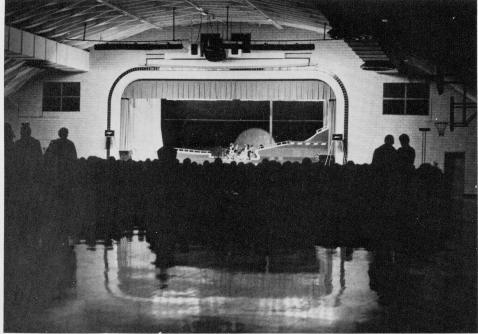

### **AUSA Talent Hour**

"A Night on the High Seas" didn't seem to have any effect on guitarists Michael and Robert Bjelica as they walked off with the top award ... and fifty dollars. Other winners, Roger Dickman, the Cinquemani family, and LeRay Haynes represented the best of the performers who participated in this year's talent hour.

### Blizzard Closes School

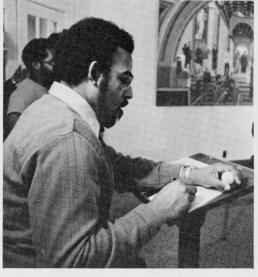

The worst blizzard in a decade, with the corresponding closing of two days of school, provided a challenge for both students and deans to find new avenues of occupying their time. Snowdrifts of up to six feet and temperatures around the zero mark kept most students inside except for the adventuresome.

Men's deans received commendation from the AUSA senate for their creative spurof-the-moment activities — putt putt, ping pong, and basketball tournaments.

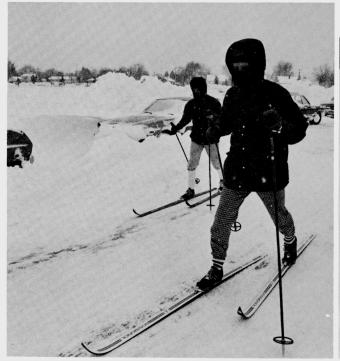

With all the snow, students found many good uses for it — skiing, tobogganing, sliding on plastic, and even plain old snow fights.

### Basketball

The basketball season went right down to the final game before the championship was decided. Teams captained by Brad Hill and Leon "Skip" Miller battled it out with Hill's squad coming out on top.

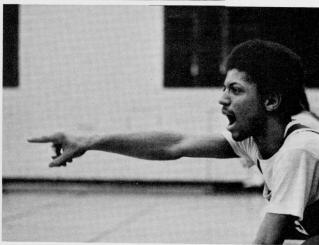

Four teams of women, playing on a points system, tried to place highest in three categories: points accumulated (over the season), free throw points, and the lack of team fouls accumulated.

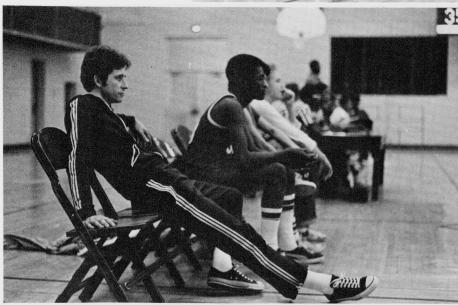

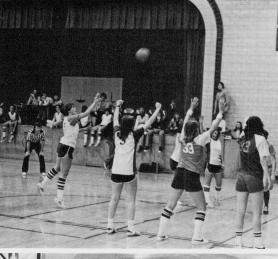

February ... A month of the banquet ... Black History Week ... mid-terms ... floor hockey ... Valentine's party ... mid-quarter slump ... and hopes of spring.

### FLOOR HOCKEY & RACQUETBALL

Bob Juriansz' team captured the lead in floor hockey intramurals and held on to it until the end of the season. John Beard led his team into second place with Steve Streeter's team following close behind. Other teams included those captained by Dave Knight, Richard Lafoy, and John Raymond.

### WARFIELD AND KELLY CONCERTS PRECEDE BLACK HISTORY WEEK

The Black History Week Committee, chaired by Ronald Edmonds, grad./M. Div., scheduled distinguished black Seventh-day Adventists from many parts of the country. Speakers included Dr. Jacob Justiss, author of "Angels in Ebony," a history of the Black Seventh-day Adventist work in the United States; Col. Leonard Johnson of the Aeronautics Medical Program, United States Air Force; and Dr. Jessie Bradley, assistant director of the Board of Education, New Haven, Conn.

Other activities included a panel discussion on "Developing a More Adequate Concept of Worldwide Brotherhood in the SDA Church" and a presentation to Nathan and Willa Wright. The plaque, named in honor of the late Jesse Wagner, Lake Region Conference president, was given as recognition for the many members of the Wright family who have contributed to the work of the Seventh-day Adventist Church.

## WOMEN'S RECEPTION

On February 19, approximately 740 students, faculty, and friends filled the cafeteria to near capacity for the 1978 Women's Reception. Each corner of the

room included a stage decorated to depict the atmosphere of one of the "Four Seasons." Each stage came alive at different times with entertainment.

### SABBATH AFTERNOON ACTIVITIES

Sometimes it was a challenge to find something to do on Sabbath afternoon, other times a choice had to be made between many options — like going to the frozen-over lighthouse on Lake Michigan, or the Biology greenhouse or museum,

or sitting in the Campus Center putting puzzles together or singing with your friends. Some Sabbath afternoons, sleep just naturally came for some.

### MUSICAL ORGANIZATIONS

THE STRING ENEMBLE, top, is directed by LeRoy H. Peterson.

Franklin L. Lusk gets everything possible out of his University Singers. See page 57 for group photograph.

THE UNIVERSITY ORCHESTRA is under the direction of LeRoy H. Peterson and Charles G. Davis.

### ASSES & LABS & CLASSES & LABS & CLASSES & LABS & CLASSES & LABS

It was a drippy rainy day when we dropped into chemistry lab, and no one was in the mood for chemistry.

"Drop a drip of acid into your flask and write down the results", the teacher demanded.

"Drop a drip? You can't drop a drip, sir, but you can drip a drop if you wish."

"Drop a drip!" he shouted irritably, his patience was dropping sharply, and so was mine, and a heated discussion quickly erupted.

Does one drop a drip or drip a drop? A survey was originated. 40% claimed they dropped a drip (poor people) and 59% said they dripped a drop, and one, who shall go nameless, because I am not a namedropper, looked at me funny and would not complete the questionaire. Some, however,

were more willing to help ...

"Can you dip a drip?"

"Of course not, dipping a drip would be a disaster. A drip is a series of drops formed by a

trickle, so to dip a drip would only be to create a puddle of dripettes otherwise known as droppings. Dripettes can be fat or skinny, but a fat drip is much more popular, which is one reason you never see a skinny drip skinny dipping. If one drip meets another drip and they

fall in love, they will then produce a driplet, and there is nothing like a drip off the old drop! I thought my answer was excellent, but they were very persistent.

"Can you droop a drop?" The teacher was now

looking quite confused. To droop a drop we must first consider the shape the drop is in. A depressed drop is naturally droopy, thus causing other drips who drop in to be droopy also.

So, in conclusion, you can drip a drip that has

never been dipped, or you can drop a drop that is only occasionally drooped, but never, ever discourage a drooped drop or they may dip their drip and drown.

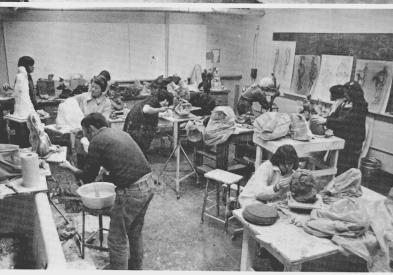

I smiled at my intelligence, but I guess they

weren't exactly impressed, for they quickly dropped the subject and I later dropped the class. Sheri Herr

Keeping tabs on nearly \$100,000 worth of expenditures was Student Association President Lauane Addis, a senior pre-law student.

True to his campaign promises, he didn't raise the salaries of SA officials, he started a book referral service, held close to his office hours, and spoke up a lot in Senate meetings.

### **AUSA SENATE**

Each Monday evening, elected AUSA dorm and community senators met to discuss finances ... committee reports ... ACYA budget ... new typewriters ... allocating \$2.33 per student to Hinsdale ... sanctuary reverence problems ... AUSA Vicepresident G. Mark Smith kept agenda items flowing smoothly.

Senators included: David Bender, Tari Crumley, Mike Delacruz, Karen Hinkle, Robert Johnson, Scott Johnson, Yvonne Lee, Laurie Oliver, Terry Rusk, Dan Smith, Beth Thacker, Londa Zimmerman, Lenford Grant, Gaylan Herr, Mike Breakie, Jeff Brown, Albert Camacho, Don Eckenroth, Carlyle Edwards, Fred Hayden, Jim Jacobs, Tim McPherson, Tom Mercer, Mark Plummer, Dallas Sinnett, Brian Stanford, Janene Bankes, Connie Collingsworth, Becky Frost, Sharon Gilkey, Phyllis Henderson, Nancy Hoos, Yolande Samerson, Chris Smith, Pam Stimac, Jeanne Suzuki, and Karen Ulloth.

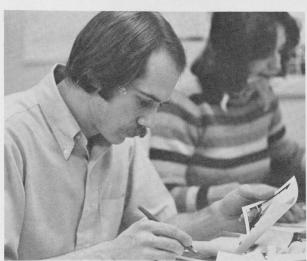

# CARDINAL STAFF

This year's CARDINAL took flights in new directions ... with a seminarian and a graduate student as co-editors ... with a spring supplement ... a color section ... spending in the black ... and no all-night sessions (the old birds in charge needed their sleep).

## NURSES' DEDICATION STORY HOUR, SINGING BANDS, COAL STRIKE

Sophomore nursing students participated in a nurses' dedication service February 11.

Participants included Becky Andersen, Hetty Bacchus, Norma Barker, Jacqueline Brown, Tim Carlson, Kim Carter, Sara Concepcion, Simone Demiar, Peggy Driscol, Jeanna Easley, Adamelia Emery, Lois Eppel, Norman Forbes, Kathy Garcia, Ramon Gazan, Debbie Gillham, Randy Hainey, Cynthia Haugen, Darlene Hawley, Mary Ann Lewis, Karin Lundstrom, Roselyn Marcelle, Vicki McDannel, Rhonda Mellinger, Marjorie Moon, Louann Peeples, Elizabeth Santana, Debra Silver, Christine Webb, Patti Wildman, George Yancer.

On Sabbath afternoons, some students lead story hours for children in Niles, Benton Harbor, Covert and Dowagiac, while others sing and share at nursing homes in Benton Harbor and Stevensville.

Students chided that the cafeteria was "trying to hide" what was being served, but in reality each one realized the seriousness of the effects of the coal strike. Lighting was reduced to a minimum, in all buildings on campus, to conserve electricity.
